

Talk on Safety on Nuclear Power Plant

Members of IEI Goa State Center with the scientist P. D. Sharma

Goa Chamber of Commerce & Industry, in association with The Institution of Engineers (India) Goa State Centre, is organizing an interactive talk on “**Safety** of Nuclear Power Plants” on Friday, 12th December 2014 at Chamber’s Surendrababu Timblo Hall, Panaji from 5.00 pm to 6.00 pm.

Er. Rajan Bhatikar welcomed the gathering & introduced the Speaker the eminent Scientist Mr. P.D. Sharma.

The talk was delivered by Mr. P.D. Sharma; Retired Distinguished Scientist and Sr. Executive Director (Projects & Procurement) Nuclear Power Corporation of India Ltd. (NPCIL) - the only Indian enterprise authorized to design, build and operate Nuclear Power Plants in India. Mr. Sharma explained the needs of nuclear power plant & their contribution in the production of power.

He stressed on their safety and what care is taken in their construction & subsequent commissioning. There was a good question & answer session with the engineers present.

Er. Yogesh Bhohe, Hon. Secretary proposed the vote of thanks.

In all 25 Nos. Engineers attended this Program.
