

## Talk on “Midas Gen”

### **Mr. Abhishek Waghmare giving presentation**

Midas IT, in association with The Institution of Engineers (India) Goa State Centre, organizing an interactive talk on “**Midas Gen**” on Friday, 5<sup>th</sup> June 2015 at Hotel Fidalgo, Panaji from 7.00 pm to 9.30 pm.

Er. Yogesh Bhobe (Hon. Secretary/ Convenor) welcomed the gathering & introduced the Speakers the Mr. Tulsi Bala and Mr. Abhishek Waghmare

The talk was based on the features and use of Midas Gen software programs in structural design and how the software can be very useful for structural designers looking to design from simple to complex buildings in steel and concrete. A video of some consultants from India was shown wherein they talked about their experiences using this software. A live demo of the model and design of a concrete building was shown to the audience by Mr. Waghmare and Mr. Prakash Bajaj the renowned engineer from Mumbai displayed how Midas Gen can be used to generate very quickly the model and design of an Inez tank. The talk was followed by vote of thanks by Hon Sec Yogesh Bhobe and ended with dinner. About 40 participants attended this talk.

Er. Yogesh Bhobe was convenor of this technical Seminar.
