ABOUT THE INSTITUTION OF ENGINEERS (INDIA)

The Institution of Engineers (India), a premier professional body for engineers, established in 1920 and incorporated by Royal Charter in 1935, has been serving the cause of engineering science and technology for more than a few decades. It remains the only professional body in India to be accorded this honour. It has in its fold more than 2,00,000 professional engineers and it operates through 124 State and Local Centres across the country and six chapters abroad.

Today, its quest for professional excellence has given it a place of pride in almost every prestigious and relevant organization across the globe. IEI functions among professional engineers, academicians and research workers.

It provides a vast array of technical, professional and supporting services to the Government, Industries, Academia and the Engineering fraternity. The Institution also provides grant-in-aid to its members to conduct research and development on engineering subjects.

IEI conducts Section A & B Examinations in different Engineering disciplines, the successful completion of which is recognized as equivalent to Degree in appropriate field of Engineering of recognized Universities of India by the Ministry of Human Resources Development, Govt. of India. Every year as many as 90000 candidates appear for these exams. For details, please see: www.ieindia.org

ABOUT THE IEI, GOA STATE CENTRE

The Goa State Centre of the Institution is functioning for the last 40 years and has more than 1250 corporate members and about 300 students on it's rolls. It was established as a Local State Centre in 1974 and was elevated to a State Centre in 2008. It is governed by an elected Managing committee headed by the Chairman.

The Centre organises various Seminars, Workshops, Conventions, etc. in order to promote the advancement of engineering and its applications. It also serves to facilitate the exchange of information and ideas on these subjects amongst its members and other practising members.

ABOUT THE INDIAN CONCRETE INSTITUTE, GOA CENTRE

The Indian Concrete Institute was constituted on 7th September 1982 with its headquarters in Chennai. The institute has 30 Centers all over the country with over 10,000 members (individuals and organizations), working in the field of concrete and interested in the advancement of construction technology, in the use of material, equipment, process design, concrete products, construction, teaching or research are the members of the Institute. ICI has the following objectives:

- Promote growth of concrete construction and its sub-specializations.
- Disseminate information and to arrange to train personnel for the needs of changing concepts in the technology.
- Collaborate with national and international agencies in creating better understanding of

concrete construction technology.

- Identify R & D problems of practical relevance to concrete construction technology.
- Institute and distribute awards for outstanding achievements in concrete construction technology.
- Arrange periodical seminars and exhibitions on the subject and
- Organize annual lecture series on selected topics of relevance to concrete constructions.

The Goa Centre of ICI was constituted in the year 1994. Over the years, it has organized Technical lectures, National Seminar among other activities. It has members drawn from industry, academia, research and practicing engineers.

SUB - THEMES FOR THE SEMINAR

1. Deep excavation safety of adjoining buildings
2. Fire
3. Working at heights
4. Use of construction machinery
5. Formwork and scaffolding
6. Barricading
7. Electrical safety
8. Safety at site during monsoon
9. Underground existing utilities safety
10. Pre-planning safety aspects
11. Demolition works
12. Offshore works
13. Tall erection towers
14. Safety on sloping roofs
15. Personal Protective Equipment

Speakers have been drawn from industry, Bureau of Indian Standards, Safety & Quality Forum, Academia and research centres from all over India. All Technical Sessions shall be followed by Question Answer Sessions to make them more interactive. Organisers reserve the right to alter/change/modify/remove the sub-themes specified above.

PARTICIPATION

This Seminar will be useful for Civil Engineers, RCC and other Professional Consultants, Builders, Engineers from PWD, WRD, GSIDC, other Government departments and other professionals involved in construction industry.

SUBMISSION OF RESEARCH PAPERS

The research papers showcased in this seminar shall be made available in CD format. Technical papers on the sub-themes are invited for presentation at the seminar. Abstracts shall include affiliation and details including address, Telephone Number, Fax and Email address of the author. The abstract as well as the full text shall be sent in a soft copy or in CD at the IEI, Goa State Centre address. The decision of the committee on acceptance of any paper will be final. The acceptance or rejection shall be intimated to the authors within 7 days of receiving the research papers. Last Date for Receipt of Abstract and Paper20-05-2019
